WHAT YOU CAN BRING TO THE TABLE

A Guide to a Happy Thanksgiving by Your Friends at DCCC
Multiple members of the Trump administration have testified before Congress there was a quid pro quo agreement with Ukraine.¹

Trump himself—in a memo he released—admitted he withheld aid from Ukraine until they dug up dirt on his political opponents.²

The Democratic Majority hasn’t done anything!

What to Bring:

1. The House Democratic Majority has passed over 250 bills working for the American people!¹
2. They’re fighting the climate crisis, working to prevent gun violence, lowering the cost of prescription drugs, expanding voting rights, and holding this president accountable.²
3. Every bill they pass gets held up by “Grim Reaper” Mitch McConnell and his Republican Senate.³

GRANDMA’S
Climate Change Deni-rolls
THERE’S NO DENYING THEY GET WARMER EVERY YEAR

Climate change is a hoax!
Humans can’t have that much of an impact!
Brrr! Sure could use some “global warming” today!

What to Bring:

1. The last five years were the hottest years ever recorded.¹
2. 97% of climate scientists agree that climate-warming changes are due to human impacts.²
3. The world’s glaciers are melting at an unprecedented rate.³
4. Nearly 200 countries signed on to the Paris Agreement to reduce greenhouse gasses — something Donald Trump just withdrew the United States from.⁴

The Deferred Action for Childhood Arrivals (DACA) program only covers law-abiding young immigrants and allows them to make strong contributions to our country and economy.

These are young people who are servicemembers, doctors, lawyers, and contributing members to our country.

Most DACA recipients were brought to the United States as very young children. This is, and has always been, their home.
