

# Know Your Stuffing

A GUIDE TO  
THANKSGIVING WITH  
YOUR REPUBLICAN FAMILY

## WHEN GRANDPA TOM SAYS:

We should repeal Obamacare. It doesn't work!

### YOU CAN SAY:

- Obamacare insures 20 million Americans. The uninsured rate is the lowest in decades.
- More than 129 million Americans with pre-existing conditions can no longer be denied coverage or charged more.
- Average family premiums are growing at much slower rates. They've increased just 33% under President Obama, compared to 78% under President George W. Bush.

## WHEN MOM SAYS:

Paul Ryan is great! He seems like a nice, reasonable politician.

### YOU CAN SAY:

- Paul Ryan's first plan for 2017 is to privatize Medicare, gutting care for millions of Americans & doubling costs for seniors.
- National Journal called him "the most conservative House speaker in recent history."
- He fought to cut taxes for the richest 1% of Americans in half (and paid for it by raising taxes for 3/4 of Americans).

## WHEN GREAT AUNT JO SAYS:

Who cares what Donald Trump said about women years ago? He'll be great for women now!

### YOU CAN SAY:

- Ending Obamacare would hurt 47 million women who get services like free birth control or domestic violence counseling.
- Trump is considering fewer women for leadership positions than any other administration since Gerald Ford.
- He picked Gov. Mike Pence as his VP — who cut Indiana's Planned Parenthood funding to half of its 2005 levels.

## WHEN COUSIN SALLY SAYS:

Steve Bannon isn't so bad. We should give him a chance!

### YOU CAN SAY:

- As the boss at Breitbart News, Bannon has been on the forefront of pushing extreme anti-Semitism, Islamophobia, homophobia, xenophobia, and misogyny.
- The KKK, white nationalists, and neo-Nazi groups praised his appointment. which shows they think he represents their values.
- He's an accused domestic abuser with a history of demeaning & threatening women.

## WHEN SALLY'S NEW BOYFRIEND SAYS:

What's wrong with requiring Muslims to register?

### YOU CAN SAY:

- We don't discriminate against people because of religion. It's in our Constitution.
- One prominent Trump supporter even linked their proposed Muslim registry to Japanese internment camps — a really dark time in our history.
- Anti-Muslim hate crimes are already up 67% this year — and are likely to rise if we enact hateful policies like this.

## WHEN UNCLE LEONARD SAYS:

Donald Trump is a fantastic businessman and he'll be great for our economy!

### YOU CAN SAY:

- He actually has a record of piling up debt and filing for bankruptcy. He's even refused to pay workers for services provided to him.
- His plan to deport all undocumented immigrants would shrink the labor force by 11 million & reduce real GDP by \$1.6 trillion.
- Under Trump, it's estimated that the national debt would rise by \$5.3 trillion over the next decade.
