After clicking "Log in with ActionID" Open VPB will prompt you for your ActionID – if you do not already have one click on "Create Action ID" to start the creation process.

## Creating an Action ID

Enter your Email Address, First Name, and Last Name. Create a password that is at least 8 characters long. When finished, click Create.

Check your email to make sure you received a confirmation email.

You will have the option to change your password or edit your profile.

If you aren't redirected back to the virtual phone bank use the original link to get back to the login page and use your newly created Action ID to login

## Making Calls

Once you have logged in Open Virtual Bank will offer to guide you through how to navigate the phone-banking page, if you are new to Open Virtual Phone Bank it is highly recommended you take the tour. If you are experienced with the system, you can begin calling!

The top of the page will contain the name and phone number of the voter you will be calling. The left-hand side of the page will contain other helpful information such as age, gender, and polling place when it is close to Election Day.

The screenshot shows the 'Open VPB' interface. At the top, there's a navigation bar with 'Open Virtual Phone Bank' and 'How to Create a...'. A 'Contact' tooltip is visible, stating: 'At the top of the screen, you'll see the name and number of the person you're calling.' Below this, the voter's name 'Richard R Brammann' and phone number '(444) 444-4484' are displayed. A section titled 'Additional Information' lists: Preferred Phone: (444) 444-4484, Voting Address: 445 25th Ave. The main form asks 'Were you able to contact this person?' with 'Yes' selected. It includes a message: 'Hi! I'm a volunteer from the Lefty for Mayor Campaign. Do you need a ride to the polls on Election Day?' with a dropdown menu. A checkbox asks: 'Would you be interested in having a yard sign in support of Democratic candidates?'. A 'Save/Next >>' button is at the bottom.

If you are able to contact a voter, select the most appropriate response from the pull-down menus or check boxes after each question. If you are unable to contact the person (not home, left message, wrong number, didn't want to talk politics) select "No" at the top of the page and select the most appropriate reason you were unable to contact them.

This screenshot is similar to the previous one but includes a tooltip that says: 'Were they available? If the person you call doesn't answer the questions, click "No" and tell us why. Otherwise, just fill in their answers below.' The 'No' radio button is now selected for the 'Were you able to contact this person?' question.

Once you have filled out the pull-down menus and check boxes click the "Save/Next" button to go on to the next voter.

This screenshot shows the 'Save/Next >>' button highlighted. A tooltip says: 'That's it! Hit "Save/Next->" to save your responses and move on to the next call.' The 'Save/Next >>' button is now the primary focus.
